Spirit Whispers Newsletter

June 2011

Hi Everyone

Just a quick update for June!

I hope this newsletter finds you all well and in good health. I also pray you are well on your way to recovery with any grief you may be feeling. There is always help somewhere and if you are struggling right now I urge you to contact Life Line and enquire about grief counselling call 13 11 14 or go to <http://www.lifeline.org.au/>

I have been very busy touring around and would love to thank everyone who attended shows in North Queensland and Tasmania. I have been truly blessed these two tours to deliver some of my best work to date and am marveling at the new level my guides have taken me to. I would love for you to get a chance to understand more about psychic work and development and for that reason I have two Psychic Development Weekend courses running this year.

Psychic Development Course

Psychic Development course –

Don't miss out on your chance to train with The One – Australia's Most Gifted Psychic. Do you wish to be the master of your own destiny and to be able to get an insight to the events and happenings in your life? Do you wish to eventually be able to work in the community as a trusted psychic or medium?

Charmaine is bringing all her knowledge and experience to help you take yourself to a new level in your psychic development. There is something for all levels in this weekend course. We will be looking at grounding, guides, working your aura, maintaining energy, reading energy, raising your vibrations, the language of spirit and much, much more. There will be 2 courses held this year, both in August.

The fee is ONLY \$350 for the weekend.

These events are filling fast so if you are interested secure your place soon. A payment plan can be made available and credit card is the preferred payment!

The course runs from 10am to 4pm each day. Lunch, afternoon tea and coffee and tea included both days.
